Make It Crackle![®] – New & Improved!

We've made the popular Krylon[®] Make It Crackle![®] antique finish better than ever. It's got a new, expanded color palette to give consumers more choices from the latest color trends. The new palette is lighter, fresher and has a wider appeal. All colors work well together. We've also moved the larger kits into single cans, giving crafters more options. This quick-drying finish creates a classic, aged look on almost any decorative object. It's now available in three basecoats and five topcoats.

Project Ideas:

Planters, birdhouses, candleholders, lamps, frames, vases furniture and more.

Make It Pearl![®] – New & Improved!

The sophisticated look of pearlescence is now better and easier to use – for both consumers and retailers. One new ultra-translucent finish in a single can replaces four separate products, freeing up valuable shelf space. This convenient, one-step spray can be used over any base color to create a softer, “pearlized” look. It also looks fabulous by itself for sheer elegance on wood, metal, glass and more. The can size has also been reduced to encourage more trial usage.

Project Ideas:

Bridal crafts, vases, ornaments, baskets, garden accents and more.
